## CapitaLand hosts Singapore's largest virtual reality gaming tournament at its malls

*Play Beat Saber across 14 participating malls islandwide and stand a chance to win a total of S\$35,000 in STAR\$® and prizes*

**Singapore, 1 March 2019** – Slash, swipe and duck to the beat this March with CapitaLand's Beat Saber Cup! Singapore's gaming enthusiasts are now one step closer to channeling their inner intergalactic warrior, and being among the first in Asia to play Beat Saber, a unique virtual reality (VR) rhythm game, prior to its regional launch on the PlayStation 4. Bringing this exclusive experience to Singapore is CapitaLand, which will be hosting Singapore's largest VR gaming tournament featuring Beat Saber across 14 participating malls from 1 to 31 March 2019.

Ms Teresa Teow, Head of Retail Management, Singapore, CapitaLand Retail, said: "CapitaLand malls have long been an integral part of the communities, serving as popular retail and lifestyle destinations. As virtual reality and competitive gaming take off among consumers, we aim to be among the first to bring these elements into our malls and create an immersive and memorable play experience for our shoppers. The 'CapitaLand Malls Beat Saber Cup 2019' is a unique large-scale virtual reality gaming platform that has taken our team months of planning to come to fruition. We look forward to having gaming enthusiasts among our shoppers turn up in full force with their families and friends to take part in this novel initiative, have fun while playing and enjoy great camaraderie in the process!"

Beat Saber is best described as an amalgamation of elements from Tap Tap Revenge, Dance Dance Revolution, and Fruit Ninja. The exciting rhythm game comes complete with an immersive experience via sound and visual effects. Gameplay is simple – slash the beats as they come, with the correct coloured saber in the direction of the arrow and chalk up the combos! Currently available in the United States, the highly anticipated VR game is expected to roll out across Asia on the PlayStation 4 in the later part of this year.
