

## Annex A

### System Requirements

For the best user experience on Decentraland, **create an account and link your MetaWallet before the event**. Additionally, please find the minimum system specifications as stated below for the ease of your reference.

<b>Minimum System Requirements</b>	<p><b><u>System requirements</u></b></p> <ul style="list-style-type: none"><li>• Web browser Processor: Intel® Core i3-9100 / AMD™ Athlon 3000G Video: NVIDIA® GeForce® GTX 670 / AMD™ Radeon RX 550 / Intel® UHD Graphics 630, RAM: 4GB</li><li>• <b>Alternatively</b>, for locally installed desktop client for Windows (<a href="https://decentraland.org/download/">https://decentraland.org/download/</a>) Processor: Intel® Core i5-750 / AMD™ FX 8100 Video: Video: NVIDIA® GeForce® GT 440 / AMD™ Radeon HD 5670 / Intel® HD Graphics 5000 RAM: 4GB</li></ul> <p><b><u>Hardware requirements</u></b></p> <p>Access via a relatively new PC or high-performance Mac (for example Macbook Pro) running on Chrome, Firefox or Brave, with a decent amount of power, internet connection and graphics card. Decentraland currently does not run on mobile devices, tablets or iPads.</p> <p><b><u>Hardware accelerations</u></b></p> <p>Configure your browser and/or operating system to have access to all of your machine's potential to run Decentraland.</p> <p><b>For chromium-based browsers like Chrome, please refer to the steps below.</b></p> <ol style="list-style-type: none"><li>1. Open browser</li><li>2. Click on the three vertical dots on the top right corner of the browser and click on "Settings"</li></ol>
------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	<ol style="list-style-type: none"> <li>3. Click on “Advanced” to expand it and then click on “System”</li> <li>4. Toggle the switch to enable “Use hardware acceleration when available.”</li> <li>5. Restart the browser</li> </ol> <p><b>For more info and troubleshooting please visit the relevant websites as stated below.</b></p> <ul style="list-style-type: none"> <li>• <a href="https://docs.decentraland.org/decentraland/faq/">https://docs.decentraland.org/decentraland/faq/</a></li> <li>• <a href="https://docs.decentraland.org/decentraland/hardware-requirements/">https://docs.decentraland.org/decentraland/hardware-requirements/</a></li> <li>• <a href="https://docs.decentraland.org/decentraland/hardware-acceleration/">https://docs.decentraland.org/decentraland/hardware-acceleration/</a></li> </ul>
<p><b>Recommendations</b></p>	<p><b>For the best user experience, Decentraland recommends the following.</b></p> <ul style="list-style-type: none"> <li>• <b><u>Decentraland recommends Chrome, Firefox or Brave for optimal performance.</u></b></li> </ul> <p>Access via a relatively new PC or high-performance Mac (for example Macbook Pro) running on Chrome, Firefox or Brave, with a decent amount of power, internet connection and graphics card. Decentraland currently does not run on mobile devices, tablets or iPads.</p> <ul style="list-style-type: none"> <li>• <b><u>MetaMask, a free digital wallet is recommended for a comprehensive experience to enjoy the prizes and rewards. You may also link any existing metawallets.</u></b></li> </ul> <p>To enjoy the full Decentraland experience, you may get yourself a free digital wallet (MetaMask) that works as your personal account, storing all your digital assets (such as wearables) and in-world progress.</p> <p>If you choose to experience Decentraland Explorer as a guest (without a wallet), your information will not be locally stored: guests will be able to walk around, enjoy the performances and chat with others in-world, but you won't get to receive rewards, collect wearables/ POAPs or participate in virtual hunts or log in with a different device using the same Guest ID and Avatar.</p> <p>For more info:  <a href="https://docs.decentraland.org/examples/get-a-wallet/">https://docs.decentraland.org/examples/get-a-wallet/</a>  <a href="https://metamask.io/faqs/">https://metamask.io/faqs/</a></p>

- **Troubleshooting guide should you encounter lagging in the CapitaVerse experience, missing or incomplete visuals, and the inability to load.**

Ensure your computer has the recommended system specifications in the minimum system requirements above.

You may also try these steps –

#### **Update your Chromium-based browser**

1. Open browser
2. Click on the three vertical dots on the top right corner of the browser and click on “Settings”
3. Click “About Chrome”. It will automatically check and update your browser if any new version is available
4. Click on “Relaunch” after the update

#### **Update your Firefox browser**

1. Open browser
2. Click on the three vertical line on the top right corner of the browser and click on “Help”
3. Click on “About Firefox”. It will automatically check and update your browser if any new version is available

#### **Clear cache and temporary files on your browser**

1. Open browser
2. Click on “History”
3. Click on “Clear browsing data”
4. Check “Cached images and files”, then click “Clear data”

#### **Disable all other extensions, including ad blocker, on your browser.**

Make sure the internet connection is stable. Decentraland recommends at least 10 Mbps internet speed. Search “my internet speed” on your browser and run a speed test to check your internet speed.

## Best Dressed Avatar: Social Media Contest

Instantly boost your meta street cred with the CapitaVerse-exclusive rare wearables for your Decentraland avatar. Want to dress to impress? From **19 June 6PM** onwards, **1,500 CapitaVerse Aura wearables** will be up for grabs via the wearables display at the White Space Station on **Level 3** – while stocks last.
