

Annex A - How to get to CapitaVerse

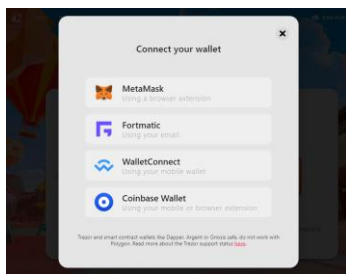

CapitaVerse is held on Decentraland (<https://decentraland.org>), which runs directly on web browsers, or as a downloaded desktop client. **Note: it does not currently work on mobile devices, so you will need to access it on your laptop or PC.**

Getting there in four simple steps

1

Set up an account on Decentraland before you join the party. Log into Decentraland through the Windows or Mac (beta) desktop client (recommended) or on the web browser. You can access it using this link: <https://decentraland.org/download>

2

Link your selected crypto-wallet to create your account. This will help you receive rewards, collect wearables/ NFT Attendance Pass or participate in virtual hunts. We recommend MetaWallet (<https://metamask.io/>) if you do not already have one - it is free! *You may join as a Guest, but you won't be able to enjoy the full experience*

3

Create your avatar. Customise your look and dress up for the party of the year!

4

On 5 April, you can log into your account and teleport directly into the CapitaVerse by visiting our website at www.capitaverse.com.
