CapitaLand staff make over homes of the needy

By JENNIFER NG

THEY WANTED A cleaner, brighter and less cramped space for their elderly neighbours who are in need of a better place to live. So they took it upon themselves to do it.

These staff, who have been working in the company for over 10 years, have been assigned to the task of making over the homes of the needy. They are now in the process of doing so.

They said the idea came from a meeting with the company's senior management. They were told that the company wanted to do something to help the needy.

They decided to take on the task. They are now in the process of doing so.
