Outlook

Citadines Suites Louvre Paris

The International Monetary Fund ("IMF") forecasts global growth to average 3.6% in 2014, an increase from 3.0% in 2013. In line with IMF's outlook, we expect our business to benefit from the improving global economy.

Following the successful completion of the Rights Issue on 12 December 2013, Ascott REIT announced in 1Q 2014 the acquisition of two properties worth approximately S\$200 million. They are the 195-unit serviced residence in Dalian, China and the 389-unit rental housing property in Fukuoka, Japan. We will continue to actively seek acquisitions in key gateway cities in China, Japan, Malaysia, Australia and Europe.

Ascott REIT will continue to undertake asset enhancement initiatives in China, Singapore, United Kingdom and Vietnam this year which will be completed in phases. These refurbishments will enhance the experience for our guests and is expected to maximise returns for unitholders.

The Group's operating performance for FY 2014 is expected to remain profitable.
